### Cemeteries Neatly Trimmed As Memorial Day Approaches

MEMORIAL PARK—gently rolling beauty

MANSFIELD CEMETERY—quiet in shadows of big trees

## Busy Crews Complete Trimming Cemeteries

Mansfield cemeteries, often neglected and unkempt during manpower-short war days, will present a picture of restful beauty for Memorial day visitors this year.

Caretakers today were putting final touches to a weeks-long task of mowing grass, trimming shrubs and trees.

**Mansfield cemetery and Mansfield Catholic cemetery workers are completing the fourth mowing of the 75-acre plot where thousands of the city's deceased residents have found final rest.**

C. F. Denman, superintendent of the cemeteries, said nine men have been working full time in preparing the cemeteries for the Memorial Day pilgrimages.

At Memorial Park on Park avenue west road, visitors again are impressed by the neat, clean lawn and well-trimmed shrubbery.

The other cemeteries present an appearance in sharp contrast to recent years when grass often grew high and shrubs appeared neglected. One year, confronted by a manpower shortage that made impossible the task of keeping fast-growing grass trimmed, officials were forced to appeal to relatives of the dead to assume the responsibility of trimming their own plots.

In all of the cemeteries, shrubs are in full bloom and many graves are adorned with bright perennials. In recent days, many residents have visited the graves to plant flowers and lend an extra touch of care for their loved ones.

**Spring flowers for use in decorating the burial places are expected to be ready in abundance by Sunday and Monday when most of the city's residents will visit the cemeteries. Peonies promise to show their bright colors in time for use.**

One sore spot alone appears to spoil the picture of beauty and restfulness. At Mansfield cemetery, the unpainted amphitheater where Memorial Day services will be held presents a scene of long neglect.

### Heart Attack Fatal

NEW YORK —(AP)— Robert H. Johnson, 57, general manager of the New York Mirror, died last night after a heart attack suffered as he dined with his wife and two friends at a restaurant.

## Virden To Keep U. S. Job

### Ohioan Drops Resignation

WASHINGTON — (UP) — John C. Virden, under congressional fire because his daughter works for a Russian news agency here, today withdrew his resignation as special assistant to the secretary of commerce.

Virden, a Cleveland industrialist, changed his mind after President Truman, Secretary of Commerce Charles Sawyer and Rep. George Bender (R-Ohio) urged him to stay on the job.

**He had submitted his resignation last week after an attack by Rep. Fred Crawford (R-Mich), who told the House that Virden's 22-year-old daughter works for Tass, the Russian news agency.**

Sawyer announced the withdrawal of Virden's resignation in a brief statement which said:

"I am pleased to say that Mr. John C. Virden has withdrawn his letter of resignation and that he will continue to carry on the work of the office of voluntary cooperation as he has in the past."

Virden had submitted his resignation to save Sawyer "embarrassment" after Crawford's attack.

Crawford had demanded that Virden quit because his daughter Euphemia, a graduate of Sarah Lawrence college, works as a teletype operator in the Washington bureau of Tass.

**URGED TO STAY**

Sawyer rejected Crawford's demand. Then Bender urged Virden to stay on the job. But Virden said as recently as Monday that he would quit as soon as he broke in a successor.

Yesterday, Mr. Truman added his support of Virden. The president said it was "regrettable" that the services of a "faithful and efficient public servant should be sacrificed to political expediency."

**At the time he submitted his resignation, Virden revealed that he has been estranged from his attractive brunette daughter since she went to work for Tass last January.**

He assured Sawyer that he himself is violently anti-communist and said he believed his daughter is being exploited because of her "high ideals."

## Auto Strike Talks Begin

DETROIT—(AP)—Terms of General Motors corporation's history-making wage agreement with its CIO Auto Workers were studied today by negotiators seeking today to end the 15-day Chrysler strike.

Representatives of Chrysler corporation and the United Auto Workers returned to the bargaining table early this afternoon for the first time since 75,000 production workers walked out May 12.

**Michigan's Gov. Kim Sigler asked the resumption of wage talks and arranged the session, but he sent no representative.**

The UAW's Chrysler negotiating team—officially demanding a 30-cent hourly wage boost—has given no indication whether it would accept an 11-cent increase geared to the cost of living such as the one that ended a strike threat at General Motors.

Nor has the corporation commented on possibilities of raising its best previous offer of six cents an hour to a figure matching the General Motors commitment in a two-year contract approved yesterday.

But throughout the auto industry it was believed the GM-UAW settlement would provide a pattern.

## Mercury To Go Up Today

Warmer weather was due to move into the Mansfield area today after nearly a week of unseasonal temperatures.

The mercury dropped to 40 degrees in Mansfield this morning and as low as 38 at Zanesville and East Liverpool.

Tomorrow is expected to be partly cloudy and warm. An extensive high pressure area which has remained almost stationary has been responsible for the blue skies and chilly temperatures this week, the weatherman said.

Farmers welcomed the dry weather for it is giving them a chance to plant corn and seed other crops.

*Orchestra, Navy Show, Circus, Ice Carnival on Program*

## Entertainment Feast Opens

Mansfield started today a three-day feast of entertainment. With the arrival of Vaughn Monroe and his orchestra, the city was offered the greatest array of traveling entertainment features in a similar period in years—if not in history.

The schedule includes:

Today—Vaughn Monroe at the Madison theater, 3:30, 7 and 9 p. m.; U. S. Navy landgoing fleet at Central park, 1 to 9 p. m.

Thursday—Cole Bros. circus, 2:15 and 8 p. m. at the Fairground.

Friday—Opening of the six-day "Hollywood on Ice" show at the Coliseum, 8:30 p. m.

Al Dennis, manager of the Madison theater, said advance ticket sales indicated capacity crowds for both evening appearances of Monroe's orchestra.

Marjorie Selby, talented Senior high school singer, was scheduled to sing with Monroe's band at the matinee, which promised to draw a large crowd of high school seniors, on vacation this week awaiting their commencement day next Wednesday.

Thousands continued today to view the Navy's display of weapons of war.

As a part of the Navy show, planes from Port Columbus circled Mansfield at a distance of five to 20 miles serving as live targets for radar demonstrations.

The evening performance will feature an uncut motion picture version of the Bikini Atomic Bomb test.

The Cole Bros. circus, which plays Mansfield nearly every year, promises a number of new acts and a bigger-than-ever-show this time. A big crowd of youngsters and grown-ups is expected to be on hand to see the show unload early in the morning.

Meanwhile, in the Coliseum, workmen started laying the network of pipes over which a smooth ice surface will be frozen for the six-day ice carnival. In addition to the six night showings, "Hollywood on Ice of 1948," will show at a matinee Sunday at 2:30 p. m.

Booked as the "greatest ice spectacle ever to come to Mansfield," the ice carnival will feature 30 acts, eight production numbers, elaborate costumes on petite skating stars and beautiful lighting effects.

## Employes Seek Pay Increases

### City Waterworks Workers Ask Boost

Requests for salary increases ranging from 14 to 79 per cent and for two additional employes to assist him in his work were made to city council late yesterday by Fred E. Lingafelter, secretary of the city water, sewer and garbage department.

**The increases requested for the seven workers in the office total $9,218, not including the salaries of the requested assistant meter reader and an additional office employe.**

The letter to council asked "adjustment of salaries of water, sewer, garbage and permit department employes which would be in line with the salaries paid in industry and the county courthouse."

The letter pointed out that the work of the water, sewer and garbage department is similar to the work done by the county auditor and treasurer.

"Those two county offices," the letter continued, "have 14 employes, while we have seven, including an outside collector and one meter reader. We should have an assistant meter reader and an additional employe in the office."

**Citing the increased work of the departments, Lingafelter's letter stated water department revenue had increased from $121,000 in 1932 to $324,000 in 1947; that the number of permits issued had increased from 491 in 1932 to 2,044 in 1947 and garbage accounts from 3,810 to 8,023 in the same period of time.**

The present salaries (including bonus payments of $25 a month to men employes and $12.50 to women) and the requested salaries follow:

Secretary of the department, from $2,940 to $4,400 a year; bookkeeper (man), from $205 to $325 a month; bookkeeper (woman), from $182.50 to $325 a month; stenographer-clerk, from $182.50 to $325 a month; clerk, from $162.50 to $300 a month; collector, from $2,460 (including $10 a month for travel to $2,820 (including $35 a month for travel); meter reader, from $2,700 (including $10 a month for travel) to $3,588 a month (including $35 a month for travel).

These figures are based on salaries paid for similar work at the courthouse.

## *Battered Old Vessel Takes Death Plunge*

WITH THE U. S. FIRST TASK FLEET —(AP)— Two swift, clean torpedo hits sank the U. S. cruiser Salt Lake City after bombs, shells and rockets had battered her sturdy hulk for hours.

The end came late yesterday after five hours of intermittent bombardment with everything 15 ships and scores of planes had to offer.

The famous old swayback fighting ship went down almost gracefully.

She rolled over and hid her grotesquely twisted masts and shell holes in the sea. Her stern rose and then she slid beneath the waves, bow first.

Her grave is in the great depths, 130 miles off the southern California coast. She went down in 2,000 fathoms, more than two miles, of water.

Adm. C. D. Ramsey, commander of the Pacific fleet, who witnessed the sinking, said: "In general the functioning of material was excellent.

The Salt Lake City, a grand veteran of war and peace, has completed her last service. A final well done."

**COMMITTED TO PEN**

CAMBRIDGE —(UP)— Bernard L. Peterson, convicted in the slaying of his wife, Margaret, today was committed to Ohio penitentiary for life.

W. F. Hart Had Shop 55 Years

## *Death Takes Last Blacksmith In City*

William F. Hart, 78, believed Mansfield's last blacksmith of the old school, died Tuesday night at his home, 544 Harter avenue.

Mr. Hart was active at the anvil in his shop at 84 Marshall avenue until five days ago when illness forced him to retire.

For 55 years Mr. Hart worked in his shop, and in the days before airplanes and cars came onto the scene, much of his business was shoeing horses. In later years, however, he did repair work and sharpened lawn mowers.

Mr. Hart was born in Ashland July 2, 1870, and came to Mansfield as a child.

**He was a charter member of the St. Matthew's Lutheran church. He and Mrs. Hart had been married 53 years.**

Surviving are his wife, Emma B. Hart; one son, Harold W. of Mansfield; three daughters, Mrs. F. L. Stock of Toledo, Mrs. R. J. Matthes and Mrs. Mary Oblinger of Mansfield; three grandchildren, William F. Hart jr., Harold V. Hart and Nancy Oblinger and a great-granddaughter, Diane Hart.

The body is at the Wappner funeral home where services will be conducted Friday at 1:30 p. m., by Rev. Charles F. Sheriff. Burial will be in the Mansfield cemetery.

## New Signs Point to GOP Deadlock In Convention

WASHINGTON—(AP)—New signs pointing to a convention deadlock in the battle for the GOP presidential nomination turned up today.

Harold E. Stassen, one of three major contenders who have been matching claims for top delegate billing, added the latest forecast.

Before he took off today on a seven-state swing, Stassen said it has become apparent that nobody is going to be nominated very early in the Philadelphia balloting.

Beaten by Gov. Thomas E. Dewey in the Oregon primary last week, Stassen bounced back to claim at a news conference yesterday that he still has more first and second choice support for the nomination than either Dewey or Senator Robert A. Taft.

Needless to say, Taft and Dewey backers dispute that vigorously.

But even in their camps there is private acknowledgment that if some one doesn't give way—and that fairly early in the balloting—a darkhorse, rather than any of the three, is likely to get the nomination.

Texas Republicans went for Taft yesterday in one of the windup state meetings before the national convention opens June 21.

**The Ohio Senator picked up 30 of the Lone Star state's 33 votes. Dewey got two and Stassen one.**

Only 93 GOP delegates now remain to be chosen, including California's 53 to be named in a primary June 1. The California slate will support Gov. Earl Warren as long as he stays in the running.

**STUDY HEALTH COMBINE**

ASHTABULA—(INS)—Ashtabula county officials took steps today to investigate the possibility of combining the county Ashtabula city, and Conneaut city health districts into a single unit.

## Border Tilts Upset Korea

SEOUL —(UP)— Police Director B. O. Clough charged today that uniformed Russian soldiers have taken part in forays into American-occupied territory in Korea.

He said the Russians were involved on at least two occasions and that incidents along the border between the American and Russian zones had reached a new high

**Since Feb. 7, Clough said, 21 Koreans have been killed and approximately 150 wounded in the border incidents.**

He said small arms fire echoes across the 38th parallel, which divides the two zones, every night and that frequently authorities are not able to determine the source.

### Headmaster Dies

HOPEMAN, Eng —(AP)— George Adam, 63, school headmaster, suffered a heart attack and died yesterday while strapping three girl pupils across the palms for playing hookey. The school closed for the day.

*'Men of Erie' Contest For Pupils*

## Essay Deadline Monday

High school pupils working on 1,000-word essays for submission in The News-Journal "Men of Erie" contest to win a free vacation trip to New York City today were given an extra week end in which to get their entries ready.

The contest deadline, originally scheduled for Friday, was extended to Monday.

For pupils of Mansfield Senior high school and the tenth, eleventh and twelfth grades of Madison high, the contest requires the writing of an essay of 1,000 words or less, based on the serialization of Edward Hungerford's book "Men of Erie." The serial story, in six installments, ended in last Saturday's News-Journal.

Two winners are to be chosen from the Mansfield area, one boy and one girl.

The escorted and chaperoned vacation trip to New York will start July 10, when the party of around 40 contest winners from Mansfield and other cities along the Erie route, will arrive in New York City aboard one of the Erie's best passenger trains.

The itinerary for the contest winners in New York will include a stay in the Hotel Taft, sightseeing tours by bus and a yacht tour of New York harbor, visits to Radio City, famous museums, a theater, and many other interesting features.

The contestants will return home July 13.

## Fund Report Raps Public Power Plan

### Appropriation Cut 18 Per Cent

WASHINGTON —(AP)— One phase of the government's public power program smacks of Russian tactics, the House appropriations committee charged today.

**It took specific issue with the sale of cut-rate Bonneville power to a public utility district which took over a private company through condemnation action without putting the issue to a popular vote.**

Such a "Soviet power policy" must stop, the committee declared.

Its comment was contained in a report sending to the House floor a $375,677,591 interior department appropriation bill, cut 18 per cent below President Truman's estimates.

The committee centered most of its fire on the issue of public versus private utility operation in discussing the Bonneville power administration — an interior department agency in the Pacific Northwest.

Present purchasers of power for resale, the committee said, "should be given preference in the renewal of contracts in order that they may continue to supply the needs of their customers."

**The cut of $84,293,244 from the President's budget estimate of $459,970,835 for the department was one of the sharpest ordered this year for any agency. Part of the cut, however, was offset by approval of $29,944,290 in contract authority, for which appropriations will be made later.**

The $375,677,591 cash in the bill is $112,876,532 more than the department was given for the present fiscal year ending June 30.

Extra funds for reclamation projects, for the bureau of mines, for railroad and highway improvement in Alaska, and for the national park service accounted for most of the increase, although all these projects had been budgeted for more.

## Tax Books Open June 1

Semi-annual tax statements for a total of $1,012,536 went out today to 41,500 property owners in Richland county.

**Charles Payne, county treasurer, said the collection would begin June 1 and close July 20. All property owners who do not receive the statements within 10 days are asked to notify the treasurer's office.**

Due for payment are the second half of the 1947 real estate taxes and special assessment charges.

Mansfield's share of the total is $584,221. Payne said the total was higher this year because of an increased tax rate.

Shelby's total assessment is $79,404.

The half-year tax bill includes $971,546 in real estate levies, including $38,150 in delinquent taxes. Special assessments total $40,990.

## *Holiday Turkeys Will Dent Budget*

WASHINGTON —(INS)— The agriculture department said today that Thanksgiving and Christmas turkeys are going to make a bigger hole in the food budget this year.

A report on food prices said: "Turkey supplies for the 1948 holiday season will be the lowest in a decade. Retail prices are likely to set a new record and — at least 10 per cent higher than in 1947."

**WINS NOMINATION**

MIAMI —(INS)— Fuller Warren, Jacksonville attorney who began his political career as a state representative when he was 21, attained a long-sought goal today by winning the Democratic run-off race for governor of Florida.

## Palestine Fighting Continues

### Cease Fire Order Spurned

*(By Associated Press)*

The Arab league was reported authoritatively today to have rejected in effect a cease fire order for Palestine. The deadline expired at noon.

Leaders of the seven Arab states warring on Israel were reported drafting a note in Amman, Trans-Jordan to the U. N. saying they would cease fire only if Jewish immigration is suspended, the Jewish army dissolved and Arab areas such as Haifa and Tiberias returned to the Arabs. An Arab informant at the league session said there could be no compromise on a Jewish state.

Jewish rejection of such terms was certain.

**The Jews insisted that the two-day extension of the U. N. cease fire deadline was obtained by the Arabs to afford Arabs additional time for an Arab offensive, particularly in Jerusalem. Israel reconsidered its original acceptance of the cease fire because of the extension.**

Fighting went on in Jerusalem and on other fronts in Palestine.

The holy city was reported by Jews to have been bombed for the first time in its history. Haganah said high flying planes dropped explosives. Further details were lacking.

Arab rejection of the truce seemed likely to congeal the U. S. stand in Palestine favoring the new Jewish state. The United States was expected to urge again at Lake Success that the United Nations use economic sanctions and force if needed to stop the shooting.

**PROVIDES EMBARGO PEG**

It also would provide a peg for President Truman to lift the arms embargo to the Middle East or to arrange a loan of around $100,000,000 to Israel. President Chaim Weizmann of Israel said he received hope for both from Mr. Truman yesterday.

The British foreign office appeared perturbed by the prospect of a possible U. S. loan to Israel, saying this might jeopardize eventual Arab acceptance of the cease fire request.

**The situation in Jerusalem itself was critical for the Jews. The Arab legion, Egyptian and volunteer forces were pressing down on Jews cornered in a small section of the old walled city. The Arabs dynamited four more buildings, probably burying many Jews. At least 15 Jews were killed during the night trying to reach their isolated comrades in the walled city trap.**

Russia agreed to exchange diplomats with Israel.

Numerous German army veterans in the U. S. zone of Germany were reported trying to enlist in Jewish fighting forces in Palestine, but were turned down.

The American embassy in Cairo delivered a protest to Egypt against its warning to all ships approaching Palestine. Egypt and Syria in effect had declared a blockade, which the U. S. rejected.

## Finnish Reds Lose Key Job

HELSINKI — (UP) — Eino Kilpi, Social Democrat, was appointed Finnish interior minister today in defiance of an aggressive communist campaign to keep control of the key government post.

President Juho K. Paasikivi named Kilpi to succeed Yrjoe Leino, communist who was ousted from the interior ministry last week.

As soon as Leino was discharged, the communists sprang to the task of getting another party man in the position from which the country's police and security forces are directed. They called strikes which stalled big parts of Finland's industry and shipping.

## State Rejects Railroad's Plea

COLUMBUS —(AP)— The state utilities commission today turned down the Pennsylvania railroad's plea to abandon two passenger trains between Columbus and Akron.

The commission upheld the findings of its attorney-examiner, Thomas W. Maxson.

By Fred Tharp

*(News-Journal Sports Editor)*

THE MORE we're around this track business, the more we're convinced that Harry Mehock, Senior high's veteran coach, is quite a fellow in cinderpath circles. . . . Last week, we had a bit of pro and con discussion on the 1948 state track meet. . . . Some place along the line Merry Harry made with the comment that Dayton Dunbar, not top-heavy favorite Springfield, would win the state title. . . . So Saturday what happens. . . . Dunbar, the only team to beat Senior high in a duel meet in two years, wins the title. . . . Harry also tells us that Gene Cole of Lancaster would make everybody sit up and take action. . . . So Cole knocks off the 100, 220 and 440 and sets a new national record of 48 seconds in the latter event. . . . Harry had seen Cole beat his own Tommy Tucker easily in the sprints at the Newark Relays. . . . Tucker, of course, did plenty okay Saturday. . . . He placed in three events to lead the Tygers to sixth place while Springfield could do no better than eighth. . . . Springfield had won all of Ohio's major relay crowns but didn't have the individual strength Saturday. . . . Canton McKinley, a team beaten handily by Mansfield in dual meet competition, scored 22 points, ½ less than Dunbar.

★

COLE'S TRIUMPH put Ohio in the lead in national scholastic records. . . . Until Saturday's meet California had led with six, Ohio had five, and Arizona, Texas and Minnesota came in with one apiece. . . . Cole was competing in track for the first year and raced in 39 events this year, winning 38. . . . His only defeat was by Bob Cooper of Columbus Central in the 440. . . . Saturday, Cole beat Cooper, defending state champ, by 12 yards in the quarter. . . . He also had to best J. V. Clifford, Canton McKinley's defending champ, in both sprints.

★

MANSFIELD'S Johnny Linta still holds one of the national crowns. . . . Johnny pole-vaulted 13-9⅝s in 1939 . . . Jesse Owens keeps the 100, 220 and broad jump titles while Oliver of Dayton is the other record holder, in the low hurdles.

## Injury Bug Strikes 2 Tribesmen

CLEVELAND—(AP)—Injuries to Ken Keltner and Joe Gordon sidelined one-half of the Cleveland Indians' classy infield today, but the Tribe remained in first place—thanks to the brilliant hurling of Bob Lemon.

Keltner, home run hitting leader of the major leagues with 13 circuit clouts, received a bruised right arm when hit by a wild throw last night in the Tribe's 4-0 shutout of the Washington Nationals.

The Indians' brain trust heaved a sigh of relief, however, and Keltner said "I feel like a new man," when X-rays showed Ken's arm suffered only a bruise.

**MAY LOSE PUNCH**

Some of the Tribe's home run punch may be lost for several days with the sidelining of Keltner and Joe Gordon, hard-hitting second sacker who is inactive because of an ailing back. Allie Clark and Johnny Berardino, who replaced the injured duo last night, are expected to continue at the vital infield posts.

The good news was furnished for 23,417 stadium fans by Lemon last night. The converted infield-outfielder hurled one of his most spectacular games as he struck out 11 and blanked the Nats for the second straight time on four hits.

Lemon continued his powerful stick work, starting Cleveland's two-run spree in the third with a double and driving in another run in the fourth with a single.

**SETS STAGE**

Thurman Tucker was hit by a pitched ball and Clark beat out an infield hit to fill the bases in the third and set the stage for Manager Lou Boudreau's two-run single.

Singles by Berardino, Keltner, Lemon and rookie Catcher Joe Tipton gave the Indians another pair of runs in the fourth, but Keltner was lost in the scoring spree. Ken was hit by Third Baseman Eddie Yost's throw when he scrambled back to first.

Lemon's victory gave him a record of five wins in seven starts.

Gene Bearden, Cleveland southpaw sensation who has hurled three successive victories, will try for his fourth straight win tonight against Washington's Sid Hudson.

The Blue Goose quartet won all five points from Penn to shoot from a tie for fifth into the lead. Penn had been tied for first place.

## Brown Fires 96 Score at Country Club

Paul Brown, Cleveland Brown football coach, shot a 96 over the Westbrook Country club course here yesterday while on a vacation tour with members of his coaching staff.

Brown finished third in a blind bogey among three foursomes composed of the Cleveland coaches and local men. Dick Gallagher won the bogey with 91 and Ed Stevens was second with a 92.

Other members of Brown's staff—track coach Bill Edwards, guard coach Fritz Heistler, and backfield coach Johnny Brickles—shot 104, 104 and 105 respectively. Augie Morningstar, Senior high athletic director had 108.

After spending the night here, Brown and his party left for Akron this morning where they will play another round of golf today at Congress Lake.

## Sandusky Golfers Top Senior High; Taddeo Wins, 3-0

SANDUSKY — Sandusky high defeated the Mansfield Tyger golfers here yesterday afternoon, 8 to 4.

It was the second loss in nine matches for the Tygers. They have tied one.

Tony Taddeo, No. 3 man, was the only Tyger to take a match. He fired a sparkling 43-39—82 to blank Sharp (52-41—93), 3 to 0. Larry Inscore, No. 2, won the only other Bengal point when he lost to Kastor, 2 to 1. Inscore had 43-40—83 and Kastor, 41-41—82.

## Senior High Team Beats Barberton 9

By CHARLEY STINE

Senior high closed its home baseball season yesterday afternoon with a 4-2 victory over Barberton in the fastest, best-played game of the year.

The two teams played errorless ball in completing seven innings of play in an hour and ten minutes.

Lou Gregorio came back from a three-inning relief job Monday to go all the way for the Tygers. He missed a shutout only by a sixth-inning home run ball thrown to Jack Jennings, brilliant Barberton shortstop. Jennings clouted the apple 340 feet over the center field fence with a mate aboard for the visitors' only runs.

**BATS NOISY**

The Mansfield bats were extremely noisy as they banged out four doubles and two singles off a pair of Barberton pitchers. Joe Miller showed the way with two doubles and a single in three trips.

Senior high put the game on ice with three runs in the third inning. Phil Rogers started things off with a double down the right field line. Corky Perrine struck out but Charley Marchant, leading off in Coach Jimmy Lymper's revised batting order, was hit by a pitched ball. Shelly Swank singled to center field and took second when the relay home failed to get the flying Rogers at the plate.

**KAYOES PITCHER**

Sparkie Watts then grounded out to tally Marchant, and Joe Miller drove starting Pitcher Coffman from the box with a long double down the right field line. Naragon came on and fanned Mike Gruber to end the rally.

The final score came in the seventh when Miller got his second double, went to third on an infield out and came home on a squeeze play executed through a perfect bunt by Don Gross.

★

The Tygers will meet Wooster at Wooster Thursday afternoon in their final game of the season. Playing their last game in Senior high flannels will be First Baseman Don Gross and Second Baseman Shelly Swank.

## Yanks Go On Tiger Swat Spree

By CARL LUNDQUIST

NEW YORK —(UP)— Best evidence that baseball finally is operating again on a pre-war basis today is in the terrific hitting of the old pros on those two great pre-war ball clubs, the Yankees and the Cardinals.

Led in the main by the stars who were in military service during the war years, both clubs seem to be moving toward the dominion of every major batting department in their respective leagues.

The Yankees, a murderous hitting group at home or the west, made 22 hits, seven of them for extra bases yesterday in a 16 to 5 rout of the Tigers at Detroit. The victory was spotlighted by the fact that it was an all-out effort by Fred Hutchinson, the pitcher who snapped them 10-game winning streak at Detroit last June. It was the first time the Yanks had scored more than four runs in a game this year.

With that kind of support Vic Raschi coasted to his seventh straight victory after pitching five-hit ball for the first seven innings. Raschi struck out eight batters to equal the league record.

But for all the heavy hitting displayed by the Yankees, the Cardinals, playing against his old teammates when he hit his sixth homer of the season in the third for the Bosox.

The Athletics scored a 4 to 3 win over the White Sox in Chicago's first night game of the season with relief pitcher Bob Savage getting credit for the win after taking over for Carl Scheib in the fifth.

The Phillies downed the Pirates 4 to 1 in the fourth night game while Cincinnati at Boston was postponed because of fog and Chicago at Brooklyn was rained out.

leagues there was pitching news last night. Bob Lemon struck out 11 and gave up only four hits as he hurled Cleveland to a 4 to 0 triumph over Washington at Cleveland.

The team that was supposed to be the Boston Red Sox still was among the missing last night when Joe McCarthy's boys toppled to the St. Louis Browns, 9 to 4. The Browns collected 17 hits in their game at St. Louis batting safely in every inning except the eighth.

Piles Are Never "Mild"
DANGER IN NEGLECT

No one should ever think of piles (hemorrhoids) as a "mild" disorder.

Although they may seem a "mild" ailment, especially when not giving pain or inconvenience, piles are in fact tumor formation without tendency to heal themselves, instead, they are likely, if neglected to keep increasing in size, involving more and more of the rectal area.

Even a so-called "mild" case may be expected to undermine one's health, by inviting, predisposing to or aggravating other ailments, such as, indigestion, biliousness, stomach trouble, constipation, headaches, pain in back and down the legs, secondary anemia with its run-down tired feeling and general nervous irritability.

Removal of piles is the only permanent relief—written guarantee. My method produces little or no discomfort, does not require the use of knife or drugs and seldom is the patient required to lose any time from work or other duties.

Why not call and learn of this method? The examination is free.

This is the time to salvage that wasted cellar space, and make a room that all the family will enjoy through the winter months. It's not expensive . . . Not if we do it with concrete for floors and portland cement plaster for walls and ceiling. Concrete will make your basement recreation room dry, fireproof, and livable. Want suggestions? Just ask us for information on various ways of reclaiming your basement—for playrooms, for bright, dry laundries, and for food storage.

# U. S. Report Gives Scant Hope for Drop In Food Prices

## Major Drop Checked By High Income

### Tax Cut, ERP Have Influence

WASHINGTON —(INS)— Housewives were given little hope today that their food dollars will stretch any further in the remaining months of 1948 than in the current period of bloated prices.

The agriculture department, in a review of the national food situation, said that the general business boom and fat consumer pocketbooks are likely to prevent any major drop in food costs in the immediate future. The department declared:

**"Among the influences that will tend to maintain economic activity in this country are the recent federal income tax reduction which may add as much as five billion dollars to the spendable income of consumers this year."**

The department predicted that other factors which will help to support prices are the $6,100,000,000 authorizations for foreign aid and prospects for greater expenditures for national defense. The department added:

"With a continued high level of economic activity in prospect, no sharp decline in retail food prices is likely in 1948. Some seasonal declines in flush production periods are to be expected."

For 1948 as a whole, the report forecast that food consumption per person will be slightly lower than last year but still about twelve per cent above the pre-war average.

Items seem less frequently on dinner tables are expected to include most dairy products, poultry and meat. The department thinks egg consumption may equal the near record of 380 per person reached last year.

**The report saw the usual seasonal drop in meat supplies during the summer and early fall as a possible spur to already staggering meat prices.**

The department pointed out that retail milk prices in 25 major cities already are about 10 per cent higher than a year earlier. Although a seasonal production increase is at hand, it expects the trend to continue.

### Stolen Shoes Must Have Been Wrong Size

The thief who stole a pair of new shoes from the car of Harry Boyd, Mansfield, R. D. 4 on Sunday night apparently got the wrong size.

Police yesterday found a box containing two shirts, a pair of shorts and a pair of new brown and white shoes under the loading platform at the Isaly plant on North Franklin avenue. The officers believe that the shoes are the same ones that were taken from Boyd's car while it was parked on Walnut street between Park avenue west and West Third street.

## *Prize Winner Receives Pen*

Frederick Donald Collins, of the Children's Home, who was a winner in the 25th anniversary Nebbs contest sponsored by The News-Journal, yesterday received his fountain pen from "Rudy Nebb."

The Collins youth who entered the contest along with tens of thousands of other children from all over the nation, wrote an essay on why "Rudy Nebb" was his favorite character in the comic strip that runs daily in The News-Journal.

Last Sunday the boy winner received a call from "Rudy Nebb" himself, congratulating him on his prize winning efforts and yesterday Fred's pen, which was part of the prize, arrived in the mail.

## Asks Payment On Insurance

James J. Terman sr. of Shelby yesterday filed an action in common pleas court against the Prudential Insurance company.

Terman claims he paid the insurance premiums on a $500 policy of William W. Nelson of Bucyrus, his father-in-law, who died Sept. 8, 1947, nine years after the death of Terman's wife who had been beneficiary under the policy. He claims he was advised by a company representative to continue to make the payments after her death but that after Mr. Nelson died the company refused to pay the proceeds of the policy without a court order.

He says he paid more than $750 in premiums and asks the court to order the company to pay the amount of the premiums, with interest or dividends.

Attorneys for Terman are Allan M. Harman and William Depler.

### Father Accused

## Stock Price Changes Limited To Narrow Fractions Today

NEW YORK—(AP)—The stock market continued reluctant today to move very far in either direction.

Aside from Stocks affected by special situations, price changes generally were limited to narrow fractions. Pressure was almost entirely lacking as trading proceeded at a leisurely pace.

A few rails and industrials recovered part of recent declines. Plus and minus signs were well scattered over the entire list, however.

# Second Sale Of Poppies Scheduled

## 5,000 Left Over From First Canvass

A post-Poppy Day poppy sale to dispose of 5,000 flowers left over from last Saturday's campaign will be held during the Memorial Day parade Monday afternoon.

The joint announcement was made today by the American Legion Auxiliary of McVey Post and the Mansfield Boy Scout office.

**"Failure" of the sale was blamed by the auxiliary directly on a shortage of Boy Scout poppy venders. Mrs. Hollis Moorhead, chairman of the auxiliary's poppy day committee, said approximately 70 of the scheduled 101 Scouts showed up for the sale.**

Ray Turner, field executive of the Scouts, put the number of reporting Scouts at nearer 60 boys, adding:

"I don't know why they didn't sell more poppies. Everyone I saw on the streets was wearing a poppy. I think the boys did a pretty good job even though some of them had to stay over to work the afternoon shift."

However, Turner today solicited 14 Scoutmasters in the city, each to send two members of their troops to the Memorial Day poppy sale. All Scouts, selling poppies in the parade, are asked to report to the Ladies' club room at the Legion home between noon and 12:30 p. m. Monday.

Incomplete returns from the sale of 20,000 poppies on Mansfield streets and through the city's factories totaled more than $2,300 or an average of little more than 10 cents paid for each poppy sold.

**Mrs. Moorhead said the returns compared favorably with last year when the VFW auxiliary had charge of the sale. Under a new agreement, the auxiliaries of the American Legion and the VFW alternate in sponsoring poppy sales in the city.**

So far, the sale has netted $230 for the veterans in hospitals who made the poppies—or one cent apiece for their work. Another cent from the sale goes into the materials for making the memorial flowers. All over the two-cents-per-poppy expenses incurred by the auxiliary goes into the auxiliary's rehabilitation and child welfare funds.

# *Rail Worker Admits Setting $2,000,000 Worth of Fires*

LOS ANGELES — (UP) — A railroad section hand admitted Tuesday that he set $2,000,000 worth of fires "just for the hell of it."

Louis Lopez, 28, has been setting fires since he was eight, he said. He touched off close to a million dollars worth last week.

"Have you ever been to a prize fight," he asked police. "That's how fires affect me."

**The laborer admitted setting 20 major fires in recent months and numerous small fires in sheds, garages and rubbish piles around his home. Police said he even burned down the house behind him.**

He set a "humdinger" Friday night, he told officers. It was a $100,000 blaze at the Rivera Citrus association packing house. He burned down a market and a Methodist church in Rivera four days earlier, he said. Sunday night he piled crates against a Rivera house and set it afire.

Lopez was questioned for 24 hours before a parade of witnesses. A detailed reconstruction of his operations prompted him to confess. Officers said then he gave them a long list of his lesser blazes, including homes, markets, garages and three visits each to two box and crate factories.

Lopez said he wasn't "mad at anybody" when he set the fires.

"It was just the excitement," he said.

## Children's Story Writer to Talk Here

Miss Mabel Leigh Hunt, one of the leading contemporary writers of children's literature in the country, will be the guest of honor at the Mansfield Public library Saturday.

**At 10 a. m., she will talk on her books in a special children's session. All children are invited to the library to hear her.**

A native of Greencastle, Ind., and the youngest of 11 children of a strict Quaker family, Miss Hunt has incorporated much of her rich Hoosier background into her books, many of which may be found in the Mansfield library's children's room.

Her first book, "Lucinda," based on her mother's life, was published in 1934. Last August her 17th work went to press. It was entitled, "The Double Birthday Present," an account of the seventh birthday of twin sisters in a Quaker household.

Already her third book, "The Little Girl With the Seven Names," published in 1936, has gained the reputation of a best seller among the younger set. It has sold more than 30,000 copies.

Other books, most of which Mansfield children are familiar, include: "Susan Beware," "Young Man of the House," "Benjie's Hat," "Michael's Island," "Sibby Botherbox," "Have You Seen Tom Thumb?", "Billy Button's Butter'd Biscuits," "Peter Piper's Pickled Peppers," "Such a Kind World," and "Little Grey Gown."

In addition to her books, Miss Hunt is a frequent contributor to Story Parade, a children's magazine. She is credited with building the first children's branch library in Indianapolis. She was graduated from library school at Western Reserve university.

## 'Perfect Foundation Planting' Garden Club Paper of the Day

LUNCHEON was served Tuesday noon in the home of Mrs. R. J. Hammer, Dickson Parkway, to members and guests of the Linnaeus Garden club. Three guests were present, Mrs. C. C. Luft, Mrs. John Hammer of Dayton, and Mrs. Frank Glasgow, a former member who now resides in Columbus.

Floral arrangements of iris, peonies and weigela were used throughout the home. The serving table was centered with a bouquet of purple iris and yellow lilies. All the flowers were from Mrs. Hammer's garden.

**Mrs. W. B. Linn, president, opened the meeting by reading the Garden club prayer. This was followed by a brief business session.**

A new device for weeding around young plants just shooting above the ground was described by Mrs. L. S. Barr. Mrs. Charles Chew gave the report on native flowers of Ohio, using the wild rose as her subject.

Mrs. Virgil Hartman gave a talk on flower boxes, describing the styles of boxes and kinds of plants to be used on various types of homes.

The herb chairman, Mrs. C. E. Payne, gave a report to the club on tropical bananas which, she told members, are classified as herbs. She explained that since the fruit has no seed, the suckers (shoots which appear around the trunk's base are transplanted to propagate the fruit.

"Six Sure Ways to Keep Your Garden Bright" were listed by Mrs. C. K. Smaltz, as follows: (1) Set all flowering plants of like color close together; (2) Use white in the garden, either in flowers or with fences; (3) Provide brightly painted garden furniture; (4) Always plant everblooming roses in thick clusters because a solid mass of color shows up better; (5) Never cut flowers from a display of colors, and (6) Use chrysanthemums, gladioli and dahlias for late summer and fall blooming.

**The day's paper was given by Mrs. Linn whose subject was "Perfect Foundation Planting." She stressed the necessary relationship between plants and landscaping around the home and the architecture of the building.**

She warned the group not to arrange plants too close together and advised keeping the arrangements simple and avoiding the use of too many varieties. Shrubs, she said, should never be so high that they cover the windows. She pointed out that the trend now is away from the exclusive use of evergreens and toward bright flowering shrubbery.

Mrs. Linn cited several Mansfield gardens illustrating good Foundation Planting. She concluded her talk with the observation that no general rule could be set down for perfect planting because of variety of architecture and personal taste.

Mrs. Glasgow invited the group to her home in Columbus June 8. She has arranged a tour of Columbus gardens for the club.

**Thirty-two former office employes, members of the club, were guests at the party and were introduced following the dinner. The door prize was won by Mrs. Ralph Forbes.**

## *Partello to Miss Reunion With His Mother*

# Ex-Mansfielder. Wife With Cole Circus

Winn Partello, a former Mansfielder, and his wife, Marian Knowlton, hold important posts with the Cole Bros. circus which comes to Mansfield tomorrow for performances at the Fairground.

**Partello, son of Mrs. Alice Partello, is superintendent of the circus concessions. His wife is a noted horse and elephant trainer and rider. Partello's father was manager of the Madison theater.**

Partello's mother, who lives at 72 Sycamore street, will miss her annual visit with her son. She went to Oklahoma City yesterday on business. She and her son usually entertain several of the circus staff members when the show comes to Mansfield.

The Cole show, one of the two big ones on the road, will arrive early Wednesday from Marion over the Erie railroad. While circus spokesmen weren't sure when the big show will arrive, they guessed at about 7 a. m. Because of the labor shortage, circuses have had trouble keeping their early morning arrival schedules.

Besides its array of featured acts, the Cole show will bring Otto Griebling, one of the world's great clowns, back to the city. Griebling and Freddie Freeman have made clown history with their boxing match which produces a lot of noise but no black eyes.

# *Alumni Marks Anniversary*

The Weller-Union Alumni association will hold its annual picnic and observe its 20th anniversary Saturday evening, June 5, in the Union school auditorium.

There will be a basket picnic, starting at 6:30 p. m., followed by entertainment.

The alumni association was formed in 1928 by Miss Pearl Danback, now a teacher in Senior high school. She was principal of the Weller school then. The organization was formed with 20 graduates. It now has 383, including the 1948 class.

Mrs. Erma Heston, Mansfield, is president. David Maxwell is vice president; Mrs. Kenneth Hyatt, secretary, and Mrs. Violet Stimpert, treasurer.

## *Back at Head*

COLUMBUS -- (INS) — Flashy struttin' Devon Kessling will lead Ohio State's famous marching band onto the field again next fall. The Dayton Junior was reappointed Buck drum major yesterday. Kessling held the post last year and was assistant to Beverly Mosely in 1946.

# *Culprits Work Hard For Rope*

BUCYRUS — Painting of the city's new 500,000-gallon water tower was delayed Monday when painters found their ropes missing. Walter Myer, foreman, said the two 900-feet lengths of half-inch rope used for holding the board "chairs" from which the workers paint, were removed from the tower sometime Sunday night. The culprits climbed to the tower, the city's highest structure, to release the ropes.

# File Suits As Result Of Mishaps

## 2 Plaintiffs Seek $5,000 Each

Two Mansfield residents yesterday filed $5,000 actions in common pleas court for damages as the result of injuries they allegedly received when struck by cars.

**An action for $5,000 was filed on behalf of Jean Gleason, 15, by Mrs. Gay Gleason, her mother, 70 South Adams street. Named defendants were Isiah Tillman, 121 East Fourth street, driver of an Old Reliable cab, and the cab company.**

She claims the girl was knocked to the ground, suffering knee and leg injuries, when struck by the cab on East First street near Adams street, about two feet off the curb.

A $5,000 action was filed by William Grabler, 120 Sherman avenue, who alleges a motorist was negligent, striking him as he crossed Marion avenue at Sherman avenue.

The motorist named as defendant is R. J. Wells, South Lennox avenue. Grabler said he was knocked down by Wells's car, suffering serious injuries.

**Contending his car was struck by such force that the car was whirled around and thrown into a tree, John Sikola, 187½ South Diamond street, seeks $1,300 damages.**

Named defendants were Russell and Irene Goddard, 188 Park avenue west. Sikola said his car was demolished and charges Russell Goddard was negligent when the collision occurred Dec. 8, 1946 at Hedges and First streets.

As a result of the same accident, the Motorists' Mutual Insurance company of Columbus filed a suit for $355 against Sikola, saying it was damaged in that amount in paying the Goddards' claim on the damaged car. The case is pending.

# 2 Youths Give Rotarians Tips on Help to Children

Suggestions for changes in the Rotary club's child welfare project to better serve the children of the Richland County children's home, were offered to the club members Tuesday by two Senior high school youths guest luncheon speakers at the meeting held at the Mansfield-Leland hotel

**"The kids out there (Children's Home) need more than your financial assistance," Lee Ludwick, senior student at Mansfield Senior high school, said. "They need your love and your fellowship."**

"Many of you are visiting the kids out there, but a lot of you who haven't had the time should visit them and take them away from the home for the day and show an interest in them," Ludwick said

I can give points to your club for the way you conduct your meetings by heeding your president and for the attention you give to your guest speakers," Richard Van Voorhis junior at Senior high, told the Rotarians 'I can also give you a point for your luncheons which are better than the monotonous diet at the school cafeteria But I have to take a point from you for the way you forget the responsibility of your club project in helping the children at the Children's Home,' Van Voorhis said

The Rotary club members took to heart the suggestion to get closer to children in the county home

SPONSORS PROJECT

The Rotary child welfare project was adopted by the club last December and since that time Rotarians have given personal and financial assistance to the children They have established a model airplane class which the members attend

The Ludwick and Van Voorhis youths who have attended the club meetings for the past year, thanked the Rotarians for inviting them and told them that they were sure they had learned a great deal from the Rotary guest speakers who have addressed the meetings

Paul Stephens served as program chairman at Tuesday's meeting

David L Shelley, Dr William R Riester William Bloor and Fred B Hout were elected to serve two year terms on the board of directors

His nearest rival with the longbow? Jay Reeg, the former national junior archery champion Reeg, of St Louis, shot 535 for second place

# Vandenberg Rated as Top Presidential Contender

By WALTER LIPPMANN

Of the three active contenders for the nomination none will come to the convention having proved himself to be the decided choice of the great majority of the Republican voters. The choice will have to be made by an agreement among the leading delegates and party managers.

They will begin with certain facts which are now clearly established. One is that Mr. Stassen, though he has considerable popular strenght, has nothing like the popular strength needed to override the determined opposition of Taft and Dewey and of a very large part of the Republican organization. Mr. Stassen's campaign has not been successful.

He has estranged the party managers without winning the support of more than a part of the rank and file. As a result he cannot be nominated as president, almost certainly not even for vice president, and his real problem today is to keep his place among the Republican leaders who will have to be considered in the formation of a Republican administration.

**A second fact is that Mr. Taft, though he has grown greatly in reputation and public esteem and, therefore in personal influence, could not—even if nominated—be elected without a bitter and doubtful campaign.**

Against him Mr. Truman would have a good fighting chance, and, moreover, it is quite conceivable that Gen. Eisenhower might be persuaded to accept the Democratic nomination to run against him.

A third fact is that Mr. Dewey, while a much stronger candidate than Mr. Taft or Mr. Stassen, could not get the wholchearted support of all factions of the party, and would surely rouse the Democrats to a spirited campaign. His record in foreign affairs is not yet good enough to win him the confidence of the two million or more Republicans, largely conservative in domestic politics, who voted for Roosevelt in 1944.

Moreover, having been three times an active candidate for the nomination, he has made enemies as well as friends. The Stassen-Dewey relationship is one of those personal and factional feuds which are not easily healed.

Yet Mr. Stassen is not only himself young, energetic and ambitious but his active supporters are very active men. They are in fact a large part of the new generation of Republicans. The party must have them if it is to govern the country effectively. But they could not now be brought easily into an administration led by Gov. Dewey.

SOLON WELL KNOWN

The case for Vandenberg is, subject to one consideration—that of his running mate—unusually compelling. Senator Vandenberg is not a "dark horse." There is nothing dark about him, he is the best known and most eminent statesman of his party. He is not only the man who divides the Republicans the least but he is the one who can most surely unite them.

There are some differences between Taft and Vandenberg. But there can be no quarrel between them, and there would be no question that Taft would emerge as the leader of the party in Congress. There is no feud with Stassen, who has made it abundantly clear that Vandenberg is his first choice, once he has to accept the fact that he himself cannot be nominated.

With Dewey there is a close affinity. The active supporters of Vandenberg could accept Dewey and be satisfied. The active supporters of Dewey could support Vandenberg without qualms and with much enthusiasm.

**Finally, and it is no small matter, Vandenberg is for all practical purposes invulnerable to attack by the Democrats.**

For Mr. Truman can make no serious campaign against the man who has carried through Congress all the great measures on which Mr. Truman's claim to election would have to rest. There would be no problem for Gen. Eisenhower to consider, and it is a fair assumption that if he took any public position, it would be in support of Vandenberg.

But the whole case for Vandenberg's nomination will be undermined if the convention does not make a wise decision on the vice-presidency. Owing to his age Senator Vandenberg could not be asked or expected to serve for two terms. Therefore, unless the candidate for vice-president is a man entirely competent to be president and known to be devoted to a continuation of the general lines of policy in a Vandenberg administration, the stability of the government will be jeopardized.

In a time when the country and the world needs to be certain about the continuity of American policy, everything will be subject to accident and to acts of God.

It seems plain enough that all these risks would be avoided if the convention were to nominate, indeed to draft Gov. Dewey himself for the vice-presidential nomination for then it will have nominated two men each qualified in his own right to be president.

# Farm Fund Bill Voted

## Appropriation Set At $1,211,727,405

WASHINGTON — (AP) — The Senate passed Tuesday a $1,211,727,405 farm appropriation bill after refusing to revise soil conservation payments so western farmers would get a larger share.

**Senator Young (R-N.D.) tried to put in an amendment returning the soil conservation payment system to one in effect prior to this year. The Senate turned him down 40 to 38.**

Young said the change he proposed would benefit northern and western states and give the southeastern states smaller allotments than they would receive under the present system.

Senator Russell (D-Ga.) opposed this, saying it was intended as a "punitive" step against Georgia and other southeastern states."

Russell Monday put over an amendment raising the amount for soil conservation from $225,000,000 to $300,000,000. The payments are made to farmers for conforming to approved government programs for improving farm lands.

In another major vote the Senate approved $75,000,000 for school children's lunches — $10,000,000 more than the House voted.

# 2 Churches, 'Y' Groups Get Bequests

## E. S. Nail Estate Set At $87,000

Two Mansfield churches, three youth organizations and the Elyria Home for the Aged will share in the $87,000 estate left by Edwin S. Nail, founder and former president of Lumbermens Mutual Insurance company and president of the Mansfield Lumber company.

**The estate, naming C. S. Nail, son of the deceased business man, as executor, was filed today in probate court. The estate includes $75,000 in personal property and $12,000 in real estate.**

Organizations which will share in the estate and the amount off their bequests are: $2,000 to the trustees of the Central Methodist church, to be used for necessary repairs and upkeep of the church buildings; $500 for the Elyria Home for the Aged to be used for general purposes; $1,000 each to the YMCA and YWCA of Mansfield; $500 to the Friendly House and $500 to the trustees of the First Methodist church.

Three grandchildren, Jane Nail, Meredith Nail and Charles Nail, who do not otherwise figure in the will are to get $1,000 each.

To be shared equally between the son, C. S. Nail, and daughter, Harriet N. Seiler Hike of West Palm Beach, Fla., are all furniture, household goods, automobiles, garage and repair equipment and clothing.

**Left to the son was one-half of the elder Nail's holdings in the Isaly Dairy company and all chattels, furniture and equipment used in farming, "so that he (the son) may continue these farm operations, should he so desire, as effectively after my death as I have done during my lifetime."**

To Mrs. Hike was willed the net income from the trust estate for her lifetime.

Mr. Nail died May 16 at the age of 88.

# Ditch Plea Renewed

A second petition was filed today for the improvement of the Beer Plat ditch, each of Beal road and north of Ashland road, in Madison township.

**County commissioners set July 12 at 10 a. m. as the time for viewing the proposed improvement and July 19 at 10 a. m. for the first hearing on the petition.**

The petition, filed by Frank L. Liebhart and others, calls for improvement of a natural watercourse into a county ditch with the name Beer plat.

The petition also has an alternate proposal, calling for enclosure of the watercourse with 12-inch tile.

The first petition was rejected by commissioners April 7 because of excessive damage claims filed by Kenneth B. Manner, owner of a farm on the Ashland road.

He asked $8,000 damages, claiming water from the enclosed ditch would pollute his land.

GENERAL MOTORS AND UAW AGREE—A threatened strike of 225,000 General Motor corporation employes is averted as a new two-year contract is agreed. The settlement climaxed 18 hours of almost continuous bargaining with the UAW-CIO. Contract calls for an adjustable 11-cent an hour increase. Looking over new contract at Detroit, Mich., are: (l. to r.) John W. Livingston, UAW vice president; T. A. Johnstone, assistant director of GM department of UAW; Harry W. Anderson, GM vice president and personnel director, and Louis Seaton, GM director of labor relations.—(AP photo)

# Workers Ask Time Change

## 26 Request Council To Change Clocks

Employes of two more Mansfield firms have asked council to put the city on daylight saving time.

**Six employes at the Penn Auto Store and 20 employes of the Bissman company contend that operations at their places of business are handicapped because Mansfield is on "slow time" and most of the adjoining cities are on "fast time."**

The petitioners, who termed themselves "white collar workers," asked for "fast time" to give them more time to work in their gardens, repair their homes and for recreation in general.

Other business places recently have requested council to move the clocks ahead. Council, which early in the spring turned down the daylight saving time proposal, has named a committee to make a new study of the time issue.

# Council Will Get Requests

## Final Action Due In July

City council's finance committee has tentatively set June 3 for a meeting with the mayor, service-safety director and auditor to prepare the 1949 budget for consideration by council as a whole.

Heads of the various departments which draw their money from local taxes have submitted reports to Mayor Roy W. Vaughn of the estimated amount of money they will need during the next fiscal year.

**These requests are being compiled in a proposed 1949 budget. Council's finance committee will study this document on June 3, make revisions and submit the budget to council for its approval. Council is expected to act on the budget bill at its July meeting.**

The measure will then be forwarded to the county budget commission composed of the county auditor, treasurer and prosecutor who will study it make revisions and send it back to council for its final approval.

**FUNDS LIMITED**

The total requested must not exceed the amount that will be collected from local taxes next year and the budget must be pared down if it does.

**The budget means less today than it did years back. In former years, when the tax rate was not at its legal maximum of 10 mills ($10 per $1,000 valuation) additional fund requests could be met by upping the tax rate.**

The present maximum city rate is 20 mills, the additional 10 over the legal maximum having been approved by the voters. The rate can't be raised without the approval of the voters, so the requests can't exceed the expected receipts

# Search In Fourth Day

Search for the body of Mrs. Mary Katherine Allen, 24, of Cleveland, who drowned in Charles Mill reservoir Saturday afternoon, was in the fourth day today.

**Divers were still at work today trying to find the body on the muddy lake bottom. Because of the muddy water, divers are unable to see under the surface of the lake.**

Sheriff Frank E. Robinson said two deputies were dispatched to the scene today to relieve a deputy who had kept watch throughout the night. Ashland county officials also were reported at the lake.

Robinson said it is possible that the body may be found on the Ashland county side of the lake, since the greater portion of the reservoir is in that county.

The Casino swimming pool at North Lake park will open Memorial day, May 30, at 10 a. m. and continue open each day of the summer season from 10 a. m. until 11 p. m., it was announced today by John Gorman, manager.

The pool properly has been given a new coat of white paint and two new diving boards have been installed. The grounds surrounding the pool, on the former site of the old roller coaster, have been filled with crushed limestone.

Ray Beard will be life-guard for this season, Gorman said.

Howard had brought an action against Harris and Robert Wade jr., Rummel avenue, for $9,092, contending they beat him Jan. 10.

# Exchange Club Board Meets

The board of directors of the Exchange club met last night at the Mansfield Tire and Rubber company for a buffet supper and a tour of the plant arranged by Frank A. Berkey, club president.

At a Monday luncheon meeting of the club, Attorney Marshall Moore told members that he had looked into the story that Abraham Lincoln was first mentioned for the presidency at a Republican party rally in Mansfield, and that he could find no positive proof to back up that claim.

He said his studies showed that while the possibility exists that Lincoln was nominated in Mansfield at a political rally, as stated on a stone monument in Central park, definite proof is lacking.

**BITTEN BY DOG**

A. B. Bridle, Ashland road, told sheriff's deputies last night that he was bitten by a dog Monday night and was treated by a physician. The dog owner was ordered to tie the animal 10 days.

# Only One Girl Scout In 4 Can Attend Camp Niniwan

Mansfield Girl Scouts move out into the wide-open spaces next month. The only trouble is they don't have enough wide-open space for the swelling scout ranks.

**Less than one-fourth of the entire Girl Scout membership of 1270 in Mansfield will be able to attend day camp this year. Camp Niniwan is large enough to accommodate only 300 scouts. The 970 others will be given "special summer activity programs."**

Miss Margaret Rooney, executive director of the scouts, says the camp will open on June 22. Day camping will be carried on until July 9 from 9:30 a. m. to 3 p. m. Intermediate scouts will attend the first week, Brownies the second, and Senior scouts the last week.

During those three weeks the program theme for the camp attenders will be: "playing, living and working outdoors, all day."

From time to time, Miss Rooney said, over-night camps will be held under the supervision of specially-trained leaders Thirty supervisors of the daytime camp will take part in the program.

**A graduate nurse also will be in attendance at all time during the camping season.**

Transportation to and from the camp will be furnished for the girls. Buses will leave at 8:30 and 9 a. m. from the Yellow Stripe Cab office on North Walnut street and leave Camp Niniwan at 3 and 3:30 p. m. Registration fee of $2.50 includes transportation, milk and handcraft materials.

# Wee Ben Hogan Wins Over Turnesa For Second Title

By SKIPPER PATRICK

ST. LOUIS —(AP)— Stone-faced Ben Hogan, the great little pressure player from Hershey, Pa., can thank a fine iron game for his second professional golfers association championship and a $3,500 boost to the family bankroll.

Hogan beat veteran Mike Turnesa, of White Plains, N. Y. 7 and 6, yesterday in the finals of the 30th PGA tournament, mainly because he was complete master of his wedge and eight iron.

The prize money vaulted Hogan's tournament earnings for this year to $13,897.50 for 49 rounds of play, second only in dollars and cents to Lloyd Mangrum of Chicago, who has picked up $14,764.99 in 10 more rounds.

Turnesa, one of three brothers who have lost in the finals of PGA tournaments, simply didn't have the strokes to match the sub-par shooting of the Texas-born Hogan.

With conceded putts, Ben travelled the seven days of golfing over the short and hilly 6,467-yard Norwood Hills Country Club course in 36 under par for the 213 holes. That included two rounds of qualifying play.

Turnesa often outdrove Hogan but performed feebly on many of the greens although he is regarded as one of the better putters of the game. Three-putt jobs on two greens had a crippling effect on the popular New Yorker.

Hogan trailed only once during the day—on the second hole Turnesa sneaked a 20-footer into the cup. Ben evened the match at the fourth, went ahead on the fifth and from that point never looked back. He was 1-up at the turn of the nine, 4-up from eighteen, and 4-up after the twenty-seventh.

Hogan was nine strokes under par yesterday when the match ended. He completed the morning round in 32-33—65, six strokes under regulation figures. Hogan went out in 34 in the afternoon, one under, and closed the match with birdies on the 29th and 30th holes.

Turnesa went the distance in 33-37—70 in the morning and was out in 34 after lunch.

# John Simpson's Favored To Top Johnny Appleseed

John Simpson rates as the favorite to add the 1948 track and field title to its long list of Mansfield championships tomorrow when it meets Johnny Appleseed at Stadium field at 3:30 p. m.

The Bulldogs of Coach Bob Kennedy already hold one triumph over the Appleseeders. They scored 72 points in a triangular meet three weeks ago with the Pioneers getting 45 and Galion 11. The two teams did not meet in 1947. Bob Davis coaches Appleseed.

While Simpson has not been beaten on the cinders this year, Appleseed has won only one of six engagements. Several have been close, however.

In the triangular affair, Simpson took seven undisputed first places and Appleseed came up with three. Jay Herbert, Appleseed, and Bill Stutz, Simpson, tied for the high jump and Joe Diemer, Appleseed, tied two Simpsonites — George Shoulders and John Fowler—in the high jump.

Shoulders won the high jump, Fowler took the 440 and Diemer copped the high hurdles. The other Simpson winners were: Jim Hager, 880; Dave Guy, shot put; Ken McCally, discus; Clarence Bailey, 220 and the 440-yard relay. Harry Carr in the century and the 880-yard relay team notched the other Pioneer firsts.

Possibly the best races on the card will be the 100 and 440-yard relay. Both Carr and Bailey have been timed in 10.6 in the 100. The Appleseed 440 quartet has been timed in 48.7 which is just .1 second off the recognized national junior high mark However, it is believed that national mark was for seventh and eighth graders, not a three-year junior high.

Appleseed has won four of six 440-yard relays and has not been beaten in the 880-yard relay.

Both teams will be at full strength. Sonny Wadlington, Simpson, and John Ernsberger, Appleseed, who did not compete in the earlier meet will be ready tomorrow.

Appleseed's leading point gatherers are: Carr, 71; Diemer, 52½; Gene Ayers, 51, Don Green, 46; Norman Drake, 46; Ernsberger, 23; Herbert, 22¾, and Jack Howell, 17. Ayers and Green are relay men.

Simpson's scoring follows: Wadlington, 52¾; Bailey, 52; Shoulders, 49; McCally, 36; Stutz, 29; Fowler, 25; Hager, 21; Howard Guegold, 18¼, and Guy, 16.
